### **RESPONDENT'S POSITION SUMMARY**

**Respondent's Position Summary:** "Texas Mutual denied the services as the health care provider who provided or supervised the services must submit his or her own bill. Block 31 of the CMS-1500 indicates that Carey Davis, D.C. performed the services. However, the supporting documentation shows that Joel S. Wolinsky, M.D. performed the professional component and Dr. Davis performed the technical component only...The requestor is seeking reimbursement for the whole procedure." "As Dr. David did not perform the whole procedure, he may only bill for the technical component. The CMS-1500s submitted by the requestor were missing the TC modifier indicating the bill was for the technical component only."

- CAC-97-The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.
- 217-The value of this procedure is included in the value of another procedure performed on this date.
- 225-The submitted documentation does not support the service being billed. We will re-evaluate this upon receipt of clarifying information.
- 732-Accurate coding is essential for reimbursement. Modifier billed [sic] incorrectly services are not reimbursable as billed.

- CAC-97-The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.
- 217-The value of this procedure is included in the value of another procedure performed on this date.

## **Issues**

1. Does the documentation support the level of service billed for CPT codes 95900, 95903, 95904, 99354, and 95861?
2. Are HCPCS codes A4556, A4215 and A4558 included in another service/procedure billed on March 11, 2011?
3. Does the documentation support a separate identifiable Evaluation and Management service? Is the requestor entitled to reimbursement for CPT code 99211-25?

## **Findings**

1. According to the explanation of benefits, CPT codes 95900, 95904, 95903, 95934, and 95861 were denied reimbursement based upon reason code "225-The submitted documentation does not support the service being billed. We will re-evaluate this upon receipt of clarifying information"; "732-Accurate coding is essential for reimbursement. Modifier billed [sic] incorrectly services are not reimbursable as billed"; and "CAC-16-Claim/service lacks information which is needed for adjudication. At least one remark code must be provided (may be comprised or either the remittance advice remark code or NCPDP reject reason code)".

A review of the submitted documentation indicates that the March 11, 2011 nerve studies interpretation report was signed by Joel S. Wolinsky, MD from Physicians Data LLC.

The March 11, 2011, NeuroDynamics report is unsigned and does not identify the healthcare provider that performed the testing.

A review of the submitted medical bill indicates that Cary Davis DC billed for the whole procedure. The documentation does not support that Dr. Davis performed the whole procedure for the disputed services. Therefore, the documentation does not support the level of service billed. As a result, reimbursement is not recommended.

2. The respondent denied reimbursement for HCPCS codes A4556, A4215 and A4558 based upon reason codes "CAC-97-The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated"; and "217-The value of this procedure is included in the value of another procedure performed on this date".

Per Medicare rules HCPCS codes A4556 and A4558 are bundled codes and payment allowance is included in another service; therefore, reimbursement is not recommended.

Per Medicare rules HCPCS code A4215 is not covered by Medicare in any payment system; therefore, reimbursement is not recommended.

3. According to the explanation of benefits the respondent denied reimbursement for the office visit, CPT code 99211, based upon reason codes "CAC-16-Claim/service lacks information which is needed for adjudication. At least one remark code must be provided (may be comprised or either the remittance advice remark code or NCPDP reject reason code)"; "CAC-97-The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated"; "225-The submitted documentation does not support the service being billed. We will re-evaluate this upon receipt of clarifying information"; and "CAC-W1-Workers' compensation state fee schedule adjustment".

Dr. Davis appended modifier 25 to code 99211 to identify a significant, separate evaluation and management service.

Modifier 25 is defined as "It may be necessary to indicate that on the day a procedure or service identified by a CPT code was performed, the patient's condition required a significant, separately identifiable E/M service above and beyond the other service provided or beyond the usual preoperative and postoperative care associated with the procedure that was performed. A significant, separately identifiable E/M service is defined or substantiated by documentation that satisfies the relevant criteria for the respective E/M service to be reported (see Evaluation and Management Services Guidelines for instructions on determining level of E/M service). The E/M service may be prompted by the symptom or condition for which the procedure and/or service was provided. As such, different diagnoses are not required for reporting of the E/M services on the same date. This circumstance may be reported by adding modifier 25 to the appropriate level of E/M service."

A review of the submitted documentation finds that Dr. Davis did not submit a copy of the office visit report to support billing of CPT code 99211-25; therefore, the documentation does not support a significant, separate evaluation and management service. As a result, reimbursement is not recommended.

### **Conclusion**

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00

### ***ORDER***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
